EXPERIENCE

Clave Informática SL

2023-2024 IT SUPPORT ANALYST

I oversee IT infrastructure and network topology across multiple locations, managing machine monitoring, Hyper-V administration, and Helpdesk ticket resolution to meet SLAs. Responsible for firewall management and internal security, I optimize departmental budgets through supplier negotiations. Additionally, I've worked on Azure projects and implemented SIEM solutions to enhance system security and performance.

Tecnofix

2021-2022 ELECTRONIC TECHNICIAN

Repair of all types of electronic equipment.

App Informática

2021-2022 ELECTRONIC TECHNICIAN

I have extensive experience in repairing electronic devices, coupled with expertise in installing operating systems and troubleshooting device malfunctions. My responsibilities include diagnosing and resolving hardware issues, ensuring the seamless functionality of devices. Additionally, I specialize in hardware assembly and custom modifications, providing tailored solutions to meet specific needs.
